Our mission is to provide cancer support services, advocacy, education and resources for New Mexico's vulnerable populations. With a statewide focus, services are provided in four areas: Advocacy, Emotional/Practical Support, Health Education and Patient Navigation.

Continued on page 5

ALBUQUERQUE Support & Information

Breast Cancer Resource Center, continued

BCRC staff advocates on behalf of clients to eliminate barriers to care and support patient's rights; every client who contacts the BCRC is offered emotional support and treated with compassion and caring; health education events and classes raise awareness in the community about the importance of screening and early detection; patient navigation provides individualized guidance and support to remove barriers to timely screening, diagnosis, treatment and supportive care. The BCRC works collaboratively with medical and community-based organizations to connect patients, caregivers, providers and the community with accurate, up-to-date resources and information about cancer-related issues. All services are provided at no cost.

Cancer Support Now, Inc (CSNI) is a membership-based organization created by cancer survivors to build and sustain an active community of people whose lives have been affected by cancer, with emphasis on providing opportunities for those facing cancer to give and receive support. CSNI provides free cancer support groups and/or 1-on-1 support for those in all stages of cancer, end of life, and grief. Services are provided by cancer survivors who are seasoned veterans of cancer and who have completed training. We define 'cancer survivors' to include all those diagnosed from the time of diagnosis and for the remainder of their lives, and their family members and close friends. Support and referral is a phone call away on our helpline, which is answered 7 days a week by a cancer survivor. CSNI also offers support and education for those with long-term side effects from cancer and cancer treatment at our Annual Survivorship Conference. We do not provide professional advice, consultation, or services.

ALBUQUERQUE Support & Information

Casa Esperanza, Inc.

Physical Address: 1005 Yale Blvd. NE • Albuquerque, NM 87106

Tel: 505-277-9880 • Fax: 505-277-9876

Casa Esperanza is an affordable home-away-from-home serving out of town cancer patients and their family members. Casa Esperanza provides the simple, home-like amenities patients and families may find lacking in commercial facilities. Four central kitchens and a spacious community/dining room encourage therapeutic interaction and sharing among families. We provide a Clinical Counseling Program free to residents and a Program to help cancer patients, survivors, and their families access needed health, financial and social services. Casa Esperanza creates a positive atmosphere where emotional support is abundant. Most importantly, families can remain together while facing the challenges of coping with cancer. Casa Esperanza houses up to 28 families each night. Vehicle Donation Program: 505-277-2066.

Central New Mexico Affiliate of Susan G. Komen for the Cure®

The Mission of the Central New Mexico Affiliate of Susan G. Komen is to save lives and end breast cancer forever by empowering people, ensuring quality care for all and energizing science to find the cures. Susan G. Komen for the Cure was founded in 1982 on a promise made between two sisters- Nancy Goodman Brinker and her dying sister, Susan Goodman Komen. The Komen Foundation is now a global leader in the fight against breast cancer. It provides innovative breast cancer research grants and meritorious awards, and funds educational, scientific and community outreach programs around the world. The Central New Mexico Affiliate, established in 1999, has granted over \$2M to local organizations for education, screening and treatment. \$550,000 was sent to the Komen Foundation for research. We also offer breast cancer survivor support services for individuals.

ALBUQUERQUE Support & Information

Children's Cancer Fund of New Mexico continued

The Children's Cancer Fund of New Mexico exists to help New Mexico's children with cancer and their families with the day-to-day emotional, financial, and educational needs of living with and fighting cancer. From the moment a child is diagnosed with cancer in New Mexico, the CCFNM is there to help: providing childhood cancer education, prevention, treatment and detection programs funded by St. Joseph Community Health; assistance for transportation costs in the form of gas and transportation vouchers; food and grocery vouchers to help parents during lengthy stays in Albuquerque; emergency financial assistance; basic needs such as rent and utilities; prizes and bravery awards for children to help minimize the trauma of painful procedures such as spinal taps, bone marrow biopsies, chemotherapy treatments and prolonged hospital stays; funeral assistance to families whose child has ended their battle with cancer; and educational scholarships for any child treated for cancer in New Mexico.

- Patient Advocacy

FORCE is a national non-profit dedicated to improving the lives of individuals/families affected by hereditary breast/ovarian cancer (HBOC). Our mission includes support, advocacy, awareness, and research specific to HBOC. FORCE was founded on the principle that no one should have to face HBOC alone. Knowledge of BRCA1/2 positivity can be extremely stressful and frightening, considering the significant increased risk of breast/ovarian cancer. FORCE exists to provide continuous and gentle support. Our peer support meetings are held third Sundays at Women's Hospital, Auditorium B from 2:00-4:00. All individuals affected with BRCA1/2 are encouraged attend.

Holland's Rose is an All-Volunteer organization dedicated to easing the financial burdens for people who must travel to Albuquerque for medical care by providing affordable lodging. Guests are provided affordable home-style lodging; private room & bath, fully-equipped kitchen & laundry, local phones & internet. Volunteers strive to meet the needs of people receiving various kinds of medical treatment; we especially embrace cancer patients who are alone. Through our network of volunteers, transportation to medical treatments and appointments can be arranged. Holland's Rose, Inc is founded on the values and principles of a Christ centered community. Guests enjoy all the comforts of home and find emotional support from guests facing similar circumstances. Our all-volunteer staff has first-hand knowledge of what it means to hear "You've got cancer."

Our two primary goals are to provide the highest quality of care and to promote the best outcomes for our patients. Our medical staff and all of our employees are dedicated to meeting these goals. We live by our mission--Deliver exceptional care, heartfelt compassion...every day. The Lovelace Women's Hospital Breast Care Center is accredited by National Accreditation Program for Breast Centers (NAPBC) for providing the highest level of quality breast care to its patients. Our Comprehensive Breast Care Center is the only NAPBC accredited Breast Care Center in New Mexico. For an appointment call 727-6900. Our breast care team includes Breast Surgeons, Radiologist, Pathologists, Radiation Oncologists, Medical Oncologists, and Plastic & Reconstructive Surgeons. Other services also include: Digital Mammography, General Surgery, Gynecology, Uro-gynecology, High Risk Assessment Breast Cancer Program, and Rapid Results Assessment for same-day diagnostic test results.

The Cancer Center at Presbyterian offers multidisciplinary cancer care at numerous locations. This includes Medical Oncology, Hematology, Chemotherapy and other outpatient services at Presbyterian Kaseman Campus, world-class Radiation Oncology at the Presbyterian MD Anderson Radiation Treatment Center also located on the Kaseman Campus, and inpatient services at Presbyterian Hospital. Medical Oncology services (including chemotherapy) are also available at our PMG office in Rio Rancho. Our experienced, dedicated nurses and staff work with our board-certified oncologists and surgeons to provide comprehensive, compassionate and individualized cancer care incorporating the latest research, technology and treatment options. Accredited by the Commission on Cancer (CoC), American College of Radiology (ACR), American Society for Radiation Oncology (ASTRO), and the National Accreditation Program for Breast Centers (NAPBC).

The UNM Cancer Center is the Official Cancer Center of New Mexico, the only National Cancer Institute-designated cancer center in the state, and one of just 67 NCI-designated cancer centers nationwide. Recognized for its scientific excellence, contributions to cancer research and delivery of medical advances to patients and their families, the UNM Cancer Center is home to New Mexico's largest team of board-certified oncology physicians and research scientists. They represent every cancer specialty and hail from prestigious institutions such as MD Anderson, Johns Hopkins and the Mayo Clinic. Through its partnerships with Memorial Medical Center in Las Cruces and its collaborative clinical programs in Santa Fe and Farmington, the UNM Cancer Center provides care to the entire state. It also supports several community outreach programs to make cancer screening, diagnosis and treatment available to every New Mexican.

Our goal at MMC Cancer Program is to offer comprehensive, state-of-the-art, quality care to our cancer patients. This facility is located in a separate building across from the hospital which provides a comfortable and warm atmosphere. Radiation Therapy with the recent addition of a new tomotherapy machine is located next door. The Cancer Center works collaboratively with UNM Cancer Center in Albuquerque to provide patients with access to research clinical trials in a local setting. The board certified Heme/Onc physicians work closely with community physicians, specialists, and surgeons to provide comprehensive care to our patients.

New Mexico Cancer Council Initiatives

2013

The New Mexico Cancer Council is a voluntary collaborative effort of diverse public and private partners working together to foster coordination and collaboration among cancer related organizations to reduce the burden of cancer in New Mexico. To date, the partnership has grown to include over 40 local, regional and national partners that are actively supporting the vision and mission of the Council. The Council recently published its new five-year guiding document, *the New Mexico Cancer Plan 2012-2017*. The new Plan resulted from many hours of work and thoughtful contributions by the Cancer Plan revision ad hoc committee and the Executive Committee.

The Cancer Plan serves as a roadmap for cancer control and prevention in our state. The Cancer Plan describes what cancer looks like in New Mexico, including data on the most prevalent cancers, health inequities, and cancer care issues including prevention, detection, treatment and palliative care. It also contains goals and objectives for reducing the burden of cancer and addressing health inequities based on national objectives and issues unique to our state.

This year, the New Mexico Cancer Council will focus its efforts on several priority areas included in the *Cancer Plan*. Quality of life issues for cancer survivors remain a priority for the Council through the promotion of talking points to help people with cancer address quality of life issues with their health care providers. A focus on collecting and disseminating data on cancer health disparities will help the Council to affect policy change on issues including access to cancer pain management, palliative care, and end of life services. The Council will also seek out opportunities to support proactive tobacco control efforts, including collaborating with others to ensure tobacco funds are directed to appropriate tobacco control programming and conducting special outreach to cancer survivors around tobacco cessation. Finally, the Council will work to increase access to cancer-related services through expansion of community-based patient navigation services and health advocate services provided by Federally Qualified Health Centers.

More information about initiatives of the New Mexico Cancer Council can be found at www.cancernm.org/cancercouncil.
